

President's Message

Lily Craig
Chamber President

My two years at the helm of the El Segundo Chamber is coming to a close. As they say, "time flies when you are having fun". Some of those two years flew by and some felt like time was coming to an abrupt halt. This past year has seen a myriad of "opportunities". From budget deficit challenges with the City of El Segundo to changes at the Chamber to a less than positive economy, we have made it through another 12 months in fairly good shape.

So far this year, we have added 44 new members to our organization. The Chamber is only as strong as the membership that makes up the organization. Each of these new members brings a wealth of knowledge and experience which help propel the Chamber forward. In this issue of the Business Report, you will find a listing of new members of the El

Segundo Chamber. We encourage you to patronize these companies as we work together to help our local economy thrive.

One of our goals this year was to add one event to our already extensive list of Chamber events. We accomplished this by adding three events to the years' program of activities... "An Afternoon with the Congresswoman", the Mayor McDowell Roast and the Aerospace Outlook event. We also expanded the Business Expo & After Party filling up both ballrooms at the Hacienda Hotel and have plans for the 2011 event to include three local Chambers and plenty of networking!

President - continued on page 2

A Note from Marsha

While compiling the data for this edition of the Business Report, I found we have a few members celebrating their Silver Anniversary as Members of the El Segundo Chamber of Commerce! I thought to myself, "wow...25 years... that's a long time". This was until I realized they joined in 1985, the year I graduated from Purdue University. On second thought...25 years is not so long after all!

Twenty five years ago, Los Angeles World Airports, Sunset Floors, Los Angeles Air Force Base and Continental Development Corporation all joined the Chamber. We have all seen many changes over the past 25 years. Did you know Microsoft released the first version of Windows 1.0 in 1985? Purdue was among four Universities that year with the first registered domain names with Purdue.edu. (had to give a little shout out to my alma mater) and the first .com domain name was registered. The first mobile phone call in the UK was made by Ernie Wise and New Coke was introduced. Here we are, 25 years later, sitting in a coffee bar, talking on our cell phones while we pull up Windows on some apparatus. Change can be good! We are thrilled to have such wonderful organizations celebrating their 25 years with the Chamber and we are truly appreciative of all they have done for our community over those years!

The excitement at the Chamber has never been greater as we continue to grow,

Director - continued on page 2

Happy Holidays from Marsha
and the entire Hansen Family!

President continued from front page

We were very pleased to host Congresswoman Jane Harman for our 2010 Aerospace Outlook event. The aerospace industry is the backbone of our local economy as well as crucial to the safety of our country. We are proud to be known as the "Aerospace Capital of the World" and we appreciate our partners in this field.

The Chamber also led the way during discussions with the City of El Segundo regarding potential taxes on businesses to help offset the City's budget deficit. We brought a group of business leaders to the table along with City officials to first, understand the severity of the situation and then to draw from the vast experience of our members to look for solutions. As a collective voice, the Chamber presented our findings and suggestions at various City Council meetings with the hope of being a part of those solutions.

I thank you for your confidence in me leading this organization for two years. I will be happy to hand the leadership to President Elect Mike Rotolo from TG Construction and his board as we head into 2011 and wish the Chamber continued success.

Director continued from front page

expand our services and truly be "the voice for business". This past year has seen numerous community events, networking occasions, and opportunities to meet with our elected officials. It never ceases to amaze me how many calls we receive each day when we have an opportunity to refer our members to potential clients!

We have had 44 new members join the Chamber so far this year! These organizations bring a wealth of knowledge and experience to our organization. We hope we are able to help in your organization's continued success. We encourage you to get involved with the Chamber, contact us with suggestions of how we may better serve you and be a part of it all! If there is anything we can do for you, please do not hesitate to contact the Chamber office at 310/322-1220.

I would like to take this opportunity to wish you a wonderful holiday season from the entire Hansen family and thank you for your tremendous support during this past year. The Chamber continues to flourish thanks to all of you...our members. We look forward to seeing you at the upcoming events!

Chamber Hosts Aerospace Outlook Event

El Segundo has proudly held the title "Aerospace Capital of the World" for the last half century. After adjacent Mines Field became the site of Los Angeles Municipal Airport in 1930, aircraft companies such as Douglas, Hughes, Northrop and North American Aviation (later Rockwell) eventually settled in El Segundo. These firms transitioned into the fledgling aerospace industry after World War II. The founding of Los Angeles Air Force Base and The Aerospace Corporation at the turn of the 1960's further cemented El Segundo's reputation as a key center for national defense research and manufacturing.

Now, the City is home to a thriving core of defense industry giants such as Northrop Grumman, Boeing, Raytheon and Lockheed Martin.

The recently completed Shriever Space Complex positions the base, which is responsible for over 100,000 jobs statewide and \$60 billion in defense contracts, as a stronghold in El Segundo for decades to come.

The Chamber recently focused on our Aerospace industry at the

2010 Aerospace Outlook Luncheon featuring Congresswoman Jane Harman. Congresswoman Harman addressed the impact of the Aerospace Industry on the entire region. The event began with the Pledge of Allegiance lead by the future of our aerospace industry, Colin Elder who is a senior at El Segundo High School.

Our presenting sponsor for the Aerospace Outlook 2010 was Northrop Grumman. We were pleased to have Dr. Bruce Gerding, Senior Vice President with Northrop introduce Congresswoman Harman and would like to extend our appreciation to them for their tremendous support of the event.

Events such as this would not be possible without the support of our corporate partners. We would like to thank our Corporate Sponsor, Boeing and Congressional Circle Sponsors, Chevron and Mattel.

We would also like thank our table sponsors, Continental Development Corporation, CSC, the Hacienda Hotel, Mercury Air Group, Raytheon and Southern California Edison.

Salute to El Segundo Mixer Hosted by Mattel

Long time El Segundo Chamber member, Elyse Beardsley presents Frank Maranto, Mattel's VP WW Facilities & Real Estate with a certificate for hosting the annual Salute to El Segundo Mixer. Chef Dylan, his team and Mattel went all out for a fabulous evening. We would like to thank Mattel for the generosity and remind you to stop by the Mattel Toy Store for all of your Christmas shopping!

Former Mayors Bill Bue, Carl Jacobson, Sandy Jacobs, Dick Van Vranken, Floyd Carr and Gordon Stephens join El Segundo Mayor Eric Busch for a fabulous Salute to El Segundo Mixer hosted by Mattel.

Big 5 Sporting Goods Celebrates 55th Anniversary

Big 5 Sporting Goods Corporation of El Segundo, a leading sporting goods retailer announced the celebration of its 55th year in business. We are proud to add that Big 5 is also celebrating the 20th anniversary as a member of the El Segundo Chamber of Commerce. The five-week anniversary event began on September 12, 2010 when the Company launched its social media sites on Facebook and Twitter. During the anniversary celebration, Big 5 offered its customers a selection of exceptional weekly sales promotions. Steven G. Miller, the Company's President and Chief Executive Officer, stated "We are very excited about celebrating 55 years of providing our customers with exceptional value on top quality merchandise, while delivering the superior level of service they expect and deserve." Mr. Miller continued, "We are also

pleased to announce our new presence on Facebook and Twitter. This is new territory for Big 5, and we are looking forward to joining millions of fans of social media and opening on-line conversations with our customers."

Based in El Segundo, California, Big 5 Sporting Goods is a regional chain of 388 value-oriented sporting goods stores located in twelve western states. With a strong presence of stores in California, they also have stores located in Arizona, Colorado, Idaho, Nevada, New Mexico, Oklahoma, Oregon, Texas, Utah, Washington and Wyoming. Big 5 is able to successfully compete against superstores by operating mid-size stores averaging 11,000-square-feet, generally located in strip centers, as opposed to the 40,000-square-foot freestanding big box operations of their larger rivals. Their smaller size stores enable

Big 5 to take a neighborhood approach and concentrate a number of stores in a particular market. Supported by weekly newspaper inserts and mailers, this marketing approach has been successful for 55 years. Big 5 also concentrates on offering superior customer service, which is enhanced by employee retention and management experience. This success is directly attributable to one of the most experienced management teams in sporting goods – Senior Executives have an average of 28 years with the Company; VP's average 21 years; Buyers average 22 years; Store Supervisors average 21 years and Store Managers average 10 years.

We would like to congratulate Big 5 on their 55th Anniversary and thank them for their 20 years of commitment to the El Segundo Chamber of Commerce!

Dr. Bill Watkins Named Citizen of the Year

If you walk down any street in El Segundo, you will pass someone who has been touched by our 2010/2011 Citizen of the Year recipient. This man has been part of the social, commercial and educational fabric of El Segundo since 1963 when he first came to teach at El Segundo High School. In those 47 years, the students of El Segundo Schools have been influenced by this man in several ways...as a teacher of English and a Coach, as a High School Director of Athletics & Activities, as an High School Assistant Principal, as a High School Principal, as the School District Director of Instructional Services, as a Superintendent and of course as a member of the El Segundo Board of Education.

As one nominator put it "Bill Watkins is an extremely affable character and is truly loved by all who have had the good fortune to interact with him whether as a

Teacher, a Principal, a fellow board member or a neighbor".

Bill's list of accomplishments could fill a book. Bill's work on local bond issues to renovate the schools, his leadership of El Segundo Unified School District to a state Academic Performance Index of 10 on the California Standardized Testing and Reporting program, his work with the El Segundo Education Foundation, his involvement with the El Segundo Kiwanis Club and the St. Cross Episcopal Church are just a few of his contributions to the community. He is a loyal and tireless worker for our schools as well as a problem solver who always listens to the input of community members while working toward compromise and effective solutions.

As another nominator put it "Dr. Watkins is a man of great integrity and strong moral character. He is one of those rare individuals who really make a difference in the lives he touches. His imprint is firmly established on the El Segundo Unified School District and on El Segundo city".

We congratulate our 2010 El Segundo Citizen of the Year, Dr. Bill Watkins and thank him for his many years of commitment to El Segundo.

Dr. Bill Watkins receives the 2010/2011 Citizen of the Year Award from El Segundo Chamber President Lily Craig.

El Segundo Concert Band Receives Community Betterment Award

As noted on their website...

"Music enriches the life and nourishes the soul of the performer and the audience. Therefore the El Segundo Concert Band believes that instrumental music property plays a vital role for the 21st century family. At it's noblest, music is an enriching and nourishing bond that brings families and communities together."

The Community Betterment Award this year was presented to an organization that is nourishing our community with music...The El Segundo Concert Band.

In addition to performing at several city events and presenting their own concerts, the El Segundo Concert Band operates the Elementary after school band program for Center Street and Richmond Street Schools. Prior to starting this in 2006, the school district employed one teacher who taught band at both schools

Through the financial support of the Concert Band, they were able to hire three teachers and one assistant as well as supplement that with four volunteer members of the community band and six volunteer students from the high school band. The high school students are enrolled in their mentoring program and learn how to teach the younger musicians. Forty to sixty five students typically enroll in this band program.

In addition to this, they also present the Music Symposium which is a specialized, annual, 2-week summer camp in which students work on their musical skills.

We are in a time when many school districts need to cut music programs due to budget issues. However, in El Segundo though the commitment and generosity of the musicians from the El Segundo Concert Band, the children of our community will have a chance to learn a skill that will not only last them a lifetime but one they can also share through the musicians they will become. Congratulations and thank you to the El Segundo Concert Band for their incredible impact on our community!

Representatives from the El Segundo Concert Band, Mike Rice-President, Edie Rice-Education Director, Steve Fox-Music Director & Conductor, and Geri Dahl-Founder receive the Community Betterment Award from Mayor Eric Busch.
